Final Scrutiny Report – Wellbeing Nov 2021

Please find below your final report from Scrutiny Committee based on your own report and the answers to your Scrutiny questions. If you have any queries, or want to chat further, email su-council@leicester.ac.uk

Name of the campaign/project/other:	Question (add more lines if necessary):	Development notes:	Additional notes:
Here To Hear	What are you doing to promote this?		This idea of taking feedback is wonderful.
	Are you doing anything particularly different to last year?		
Random Acts of Kindness	What events do you want to plan for this year to meet your goal?		May be a good idea to investigate other snacks to have at the de-stress stall rather than just fruit. Cactus painting on freshers week was great, but I have noticed sometimes students are unaware of the program can we make more awareness of that?
Outsourcing Counselling	What change do you hope to see with the introduction of this additional service?		Once the trial is finished in the Halls and goes well, how will it be implemented for the entire university?

			Follow up on this.
	When would you hope for the Service to be introduced, what are the next steps?		How did the service begin without Karli being aware?
2 Personal Tutors	How will you work with AnneMarie (Education Officer) to achieve this?		Regarding implementation on school of business can you please elaborate changes which took place? And in Selection of School what are the criteria on which you will select?
	What key reasons will you present to the University to implement this?		If a student doesn't like either of their personal tutors, is there going to be a system to combat this?

Final grade: 4 (87.5%)
