1. Introduction

Every year, the Students' Union's Activities & Volunteering Department has funds available to support affiliated Student Groups in their development, and achieving their constitutional aims and objectives. This money is awarded to help cover the costs of Student Group events, campaigns, trips, equipment and much more!

We have a total of £18,000 available for Student Groups to apply for in 2021/22. This is a significant reduction on previous years, due to the financial impact of the global pandemic. We have worked hard to limit the negative impact on Student Groups, and ensure that we can still support as many exciting projects and plans as possible.

As funding is limited this year, it is important that you read through these guidelines carefully, and get in touch if you have any questions. You should also read through the example applications before starting to fill out your own [application form](#). Please note that we may require you to attend a meeting to discuss your application before it's considered by the [Societies Council](#). This will help make your application as strong as possible, and maximise your chances of being approved for funding.

If you have any questions or need help during any stage of your application, please email unionactivities@le.ac.uk.

2. Equity & Inclusion Aims

- 2.1. We actively welcome and encourage applications for Student Group Grant Funding for any projects, events or campaigns that have liberation and/or inclusion at their core. This could include aims such as reducing engagement barriers, giving a voice to under-represented groups, celebrations of culture, or increasing accessibility, for example.

With the support of our Executive Officers, we have ring-fenced 30% (£5400) of the total Grant Funding available for 2021/22. This money will be used to help fund projects that have direct cultural and/or liberation objectives. We will also be considering the Equity & Inclusion aims of every Student Group as part of their Grant Funding Application.

Through this, we aim to:

- Empower all students and amplify their voices, especially students from liberation and/or marginalised backgrounds.
- Reduce the barriers that students from marginalised backgrounds can face when getting involved in Student Group activity.
- Support and encourage all Student Groups to foster an environment of inclusion and accessibility.

- 2.2. The 30% ring-fenced Equity & Inclusion funding could be used for projects such as:

- Campaigns which highlight social (in)justices or address misconceptions.
- Collaboration with other Student Groups to host workshops, panel discussion, sports sessions etc. to widen participation and increase visibility of under-represented students.
- Events or campaigns that aim to break down barriers to your activity for a specific group. For example, hosting a weekend event for those who have caring responsibilities alongside their studies.
- Purchasing equipment that makes your activities more accessible.
- Religious & cultural events, e.g. cultural food, celebrations and showcases.
- Resources to upskill current University of Leicester students e.g. workshops and training.

This list is only a guideline, and is by no means exhaustive. All applications are considered on a case-by-case basis. If you're unsure whether what you're applying for will be eligible for funding, please contact unionactivities@le.ac.uk in advance so that we can advise and support your application.

3. How much can our Student Group apply for?

- 3.1. All affiliated Student Groups (including New Student Groups, see 3.4) can make as many applications as they like throughout the year. Applications from Team Leicester Clubs are subject to additional guidelines (see 4.4).
- 3.2. The **absolute maximum** total Grant Funding that any one Student Group (including New Student Groups, see 3.4) can receive in the academic year 2021/22 is **£1500.00**. Funding is very limited this year and we cannot guarantee that we will be able to fund every application, so please make sure you plan accordingly.
- 3.3. Student Groups should aim to contribute **at least** 50% of the overall costs. For example, if your project will cost a total of £200.00, you will be expected to fund a minimum of £100.00 (through ticket sales, membership fees, club fundraising, sponsorships, etc.).
- 3.4. Applications from newly-affiliated Student Groups will be assessed on a case-by-case basis. We might ask you to attend a meeting before your application is considered, for example if you're applying for a large amount or if your group was only recently re-affiliated.

4. What is and isn't eligible for Grant Funding?

- 4.1. There isn't a definitive list of what Grant Funding **can** be used for, as it covers such a wide range of creative and innovative projects! Here are some of the most common expenses that we help to fund:

	Notes
Accommodation	Applications for help with accommodation costs can be made several months in advance, to give you good time to book the accommodation.
Any projects, events or campaigns that are linked to national, cultural and/or faith aims.	30% of our available Grant Funding has been ring-fenced to support this. See Section 2 for full details.
Any projects, events or campaigns that specifically aim to increase participation for students from liberation backgrounds.	30% of our available Grant Funding has been ring-fenced to support this. See Section 2 for full details.
Entry tickets	For events, conferences, competitions, etc.
Equipment	Your application should include: a) Where you intend to store the equipment b) How long you expect it to last until it needs replacing.
Fuel for cars	Fuel costs are calculated at £0.25 per mile. Your application should include evidence of your journey distance, which you can easily provide by using the route calculator on Google Maps.
Group workshops and training	
Paid professionals	Including guest speakers, coaches, teachers and choreographers.
Re-usable promotional materials, e.g. roller banners without dates on.	Your application should include the design.
Room / venue hire	
Student Group affiliation	With external associations, governing bodies, and parent organisations.
Travel, transport and flights	Before applying, Student Groups should contact sutransport@le.ac.uk who will help them find the cheapest form of transport.

4.2. Student Group Grant Funding **cannot** be used to cover the following costs:

	Alternative
Alcohol	
Applications for expenses that have already been paid	You should receive your Grant Funding application outcome before making any payments. If you need to make a payment in advance, please get in touch with us.
Applications for regular activities	Student Groups should aim to be self-sustaining without relying on Grant Funding for their core activities. You can raise income through other sources such as membership, ticketed events, sponsorship and fundraising.
Committee-exclusive events	Open your event to every member of your Student Group.
Individual member's affiliation to governing bodies, associations, or groups	Group affiliations (see 3.1).
Individual travel discount cards (i.e. railcards, coach cards, visitor Oyster cards)	
Late applications	Refer to section 8 for information on deadlines.
One-off promotional materials (i.e. flyers, pens, key rings)	These are not normally sustainable, nor good for the environment. We suggest using re-usable promotional materials (see 3.1).
Personal items (e.g. clothing, uniform, personal equipment)	
Profit-making events (including for charity)	
Refreshments, food and drink	There are specific exceptions to this where the provision of food and drink directly links to the Student Group's aims and objectives. For example, a cultural group serving traditional foods from another country.
Socials, balls or galas with no cultural element	
Student Group Grant Funding is for the benefit of current University of Leicester students	If your application involves non-students, alumni or students from another University, then this should be reflected in the amount of funding you apply for. For example, if you are taking 10 people to attend a conference but 5 of them are DMU students, we would only be able to provide funding for the current University of Leicester students.
Training or qualifications for an individual	Group workshops and training (see 3.1).
Websites for your Student Group	Each Student Group has their own webpage on www.leicesterunion.com which is free to use.

4.3. **Please note:** The above lists are guidelines only, and are not exhaustive. All applications are considered on a case-by-case basis, and occasional exceptions may be made. If you're unsure whether what you're applying for will be eligible for funding, please contact unionactivities@le.ac.uk in advance so that we can advise and support your application.

4.4. Team Leicester Clubs: - Both the SU and Team Leicester have faced significant reductions to their funding capabilities this year, owing to the financial impact of the global pandemic. Team Leicester Clubs will not be eligible to receive Grant Funding for any expenses related to BUCS. The funding you receive from Team Leicester (Sport and Active Life) will be taken into account when your Grant Funding Application is considered.

5. How do we apply?

- 5.1. As funding is very limited this year, it is important that you read through these guidelines carefully, and get in touch if you have any questions. You should discuss your plans as a Committee before filling out the [application form](#). As the main budget holder, your Student Group's Treasurer will need to sign off on the application. We cannot guarantee that we will be able to fund every application, so please make sure you plan accordingly.
- 5.2. We might ask you for further clarification and adjustments, or require you to attend a meeting to discuss your application before it's considered by the Societies Council (see section 7). This will help make your application as strong as possible, and maximise your chances of being approved for funding. You should apply well in advance of the deadline to allow plenty of time for changes to be made.
- 5.3. To make your application as strong as possible, it should:
- Clearly explain the benefits to current University of Leicester students.
 - Link to the aims and objectives of your Student Group as stated in your Constitution.
 - Be well-researched, with clear evidence of proposed costs and value for money.
 - Include a full plan of your Student Group's budget. Your Student Group should contribute at least 50% of the overall costs of the application (through ticket sales, membership fees, club fundraising, sponsorships, etc.).
 - Clearly explain how the Grant Funding would help you foster an environment of inclusion and accessibility in your Student Group, for example, by supporting students from liberation and/or marginalised backgrounds.
 - Be submitted well in advance of the deadline for when the money will be spent (see section 6).
 - Clearly explain how you will include the Students' Union logo in your marketing / promotion / mention the Grant Funding support on your social media. This will encourage more Student Groups to apply for Grant Funding and increase awareness of the scheme.
 - Be considered 'Covid-19 Secure' and be included in your Student Group Master Risk Assessment.
- 5.4. Priority will be given to Student Groups who:
- Demonstrate a well-run Committee with good organisation and communication with the Students' Union's Activities & Volunteering Team. For example, by attending Development Meetings and submitting documentation on time.
 - Demonstrate sustained commitment to improving accessibility and inclusion in their Student Group.
 - Have completed all of their mandatory Affiliation Documents and Committee Training.
 - Have completed the mandatory Feedback Form if they have previously benefitted from Grant Funding.
 - Get in touch with us well in advance of the deadline with any queries, concerns, or for help with their application.

- 7.2. Grant Funding Applications are considered at the monthly meetings and are taken by a majority vote, whereby at least two thirds of the Societies Council must agree. Any conflicts of interest must be declared, and members with conflicted interests will not have the final say on an application.
- 7.3. The Executive Officer team may be required to vote on Grant Funding Applications in extenuating circumstances (such as short-notice liberation campaigns or during campus closure periods) in the absence of the Societies Council.

8. Appeals Process

- 8.1. If your Grant Funding Application is not successful, you can appeal to have it reconsidered. You will be given reasons why your application was unsuccessful and you should address these points in your appeal. Appeals should be submitted to unionactivities@le.ac.uk within 7 calendar days of the date that the application outcome is emailed to the Student Group.
- 8.2. Appeals for late applications and retrospective applications (for expenses that have already been paid) will be automatically rejected. All other appeals will be considered by a Students' Union Executive Officer.
- 8.3. The outcome of the appeal will be sent to the Student Group within 5 working days of their appeal submission. The Executive Officer's decision is final. If appeal is rejected, repeat applications for the same thing will not be considered.
